EUNIJOY F. CED

Blk 8 lot 5 Uswag Village Urban Balatas Naga City, Camarines Sur, Philippines
Email: euniufced@gmail.com
Web Portfolio : https://va-eunijoy.github.io/

I streamline your business with smart systems, tech-savvy support, and creative problem-solving—so you can focus on growth, not the grind. From organizing workflows to troubleshooting digital tools, I bring clarity, efficiency, and calm to your day-to-day operations.

Work Experience

Village 88 / Fullstack development bootcamp

January to April 2023 - La Union | Online
Contact Person - Karen Igcasan

Gained hands-on experience in frontend and backend development using HTML, CSS, JavaScript, PHP, and MySQL. Built dynamic web applications and practiced version control with GitHub, while collaborating on capstone projects that simulated real-world team environments. Strengthened problem-solving, debugging, and deployment skills through weekly code reviews and peer learning.

Freelance - Fullstack Web developer

2022 to present, Philippines | WFH

Delivered end-to-end web solutions for various freelance clients using fullstack technologies including PHP, JavaScript, and MySQL. Designed interactive UIs, implemented backend logic, and managed deployment and hosting tasks. Maintained version control via GitHub and adapted to project-specific tech stacks and client needs.

Quintessential Technology- VA with Wordpress Experience

2023 - Remote
Contact Person - Juvy Quilala

Assisted in the setup, configuration, and content management of WordPress websites using Elementor. Maintained site performance by updating plugins, optimizing layouts for responsiveness, and troubleshooting UI issues. Supported digital campaigns by implementing SEO-friendly structures and ensuring smooth user navigation across pages.

Brylliant Solution - On the Job Training \ Webflow Developer

6 months -Remote
Contact Person - Jemuel Lupo

Assisted in building and customizing websites within the Webflow platform. Translated wireframes into responsive layouts, integrating animations and user interactions. Strengthened CSS styling skills and gained exposure to no-code development workflows while receiving mentorship in UI/UX strategy.

CAS Technology / Wordpress Assistant - Part time

2024- Remote
Contact Person - Gian Rodrigo

Assisted in the setup, configuration, and content management of WordPress websites using Elementor and Gutenberg. Maintained site performance by updating plugins, optimizing layouts for responsiveness, and troubleshooting UI issues. Supported digital campaigns by implementing SEO-friendly structures and ensuring smooth user navigation across pages.

DBC / Wordpress Gutenberg Assistant (Part time)

Contractual- Remote
Contact Person - Aruna Sree

Supported website development and content integration using Gutenberg blocks in WordPress. Collaborated with clients to implement structured layouts and dynamic page elements. Ensured consistent branding across digital assets by assisting in theme adjustments, media optimization, and design alignment.

Education

Logicz Computer Training Center/ ICT

Year 2022, Dayangdang Naga City

Completed foundational ICT training focused on computer hardware, software applications, and basic web development principles. Gained practical exposure to technical troubleshooting, data encoding, and digital productivity tools used in IT workflows

NCII CSS / TESDA

April 2022 - October 2022, Dayangdang Naga City

Earned a National Certificate Level II in CSS under TESDA, equipping me with hands-on skills in system maintenance, diagnostics, and networking essentials. The program reinforced technical precision, operational safety, and client-side support techniques essential for real-world tech environments.
